## **GDPR PROCESS ROADMAP**

- **Process Mapping and Gap Analysis:**  
Collaborate with our consultants to map and assess your organization's data processing activities, identifying the type of data collected, how it's used, and who has access.
- **GDPR Awareness Training:**  
Enhance your employees' understanding of GDPR principles through comprehensive training, empowering them to effectively handle and protect personal data.
- **Privacy Policies and Procedures:**  
Define clear privacy policies and procedures that align with GDPR requirements, reflecting your commitment to safeguarding individuals' data privacy and rights.
- **Data Protection Impact Assessments (DPIAs):**  
Conduct DPIAs to identify and mitigate risks associated with data processing activities, ensuring compliance with GDPR's privacy-by-design approach.
- **Implement Privacy Measures:**  
Implement necessary privacy measures, including encryption, access controls, and data minimization, to comply with GDPR and protect individuals' privacy.
- **Data Subject Rights Procedures:**  
Develop and implement procedures to facilitate data subjects' rights, including access, rectification, erasure, and data portability, as required by GDPR.
- **Data Breach Response Plan:**  
Establish a clear and efficient plan to respond to and report any data breaches promptly and appropriately in line with GDPR requirements.
- **Vendor and Third-Party Compliance:**  
Ensure that vendors and third parties processing personal data on your behalf are also GDPR-compliant by assessing and managing their compliance.
- **Internal Audits and Compliance Reviews:**  
Conduct regular internal audits and compliance reviews to assess adherence to GDPR requirements, identify areas for improvement, and ensure ongoing compliance.

- **Data Protection Officer (DPO) Appointment:**  
Appoint a Data Protection Officer (DPO) if required by GDPR, who will oversee compliance efforts and act as a point of contact with supervisory authorities.
- **External Compliance Assessment:**  
Collaborate with TopCertifier to undergo an external compliance assessment to confirm GDPR alignment, ensuring compliance with the regulation and demonstrating your dedication to data protection.
- **Continuous Improvement and Maintenance:**  
After achieving compliance, continually review and enhance your data protection practices to align with regulatory updates and emerging best practices, maintaining a strong commitment to data privacy.
